MUHAMMAD RASHEL MIA

Cloud / DevOps Engineer | AWS Certified Solutions Architect – Associate | Terraform Associate

muhammadrashel2015@gmail.com | linkedin.com/in/muhammad-mia | github.com/mia-rashel | muhammadrashelmia.com

Education

Concordia University **Montreal, Quebec**
Master of Engineering (Electrical & Computer Engineering) *January 2023 – May 2025*

Daffodil International University **Dhaka, Bangladesh**
Bachelor of Science (Computer Science and Engineering) *January 2017 – September 2021*

Certifications

AWS Certified Solutions Architect Associate (SAA-C03) *February 2026*

HashiCorp Certified: Terraform Associate (003) *December 2025*

AWS Certified Cloud Practitioner (CLF-C02) *September 2025*

Project

Production-Grade 3-Tier AWS Architecture

AWS (EC2, ALB, RDS, VPC, NAT Gateway, CloudWatch, SNS) | Terraform

- Deployed a 3-tier AWS architecture using modular Terraform
- Implemented ALB + EC2 Auto Scaling across multiple AZs
- Configured RDS MySQL with Multi-AZ failover and Read Replica
- Built secure VPC networking (public, private app, and DB subnets)
- Integrated CloudWatch monitoring and SNS alerts
- Managed Terraform remote state using S3 + DynamoDB locking

Technical Skills

Cloud Platforms: AWS (EC2, VPC, Route 53, ALB, ASG, IAM, CloudWatch, Lambda, SQS, SNS)
Infrastructure as Code: Terraform (modules, variables, remote state, workspaces)
DevOps & CI/CD: Git, GitHub, GitHub Actions, AWS CodePipeline, CodeBuild
Networking & Security: TCP/IP, DNS, HTTP/HTTPS, VPC design, subnetting, CIDR, Security Groups, NACLs, IAM roles & policies
Storage and Databases: Amazon S3, Amazon RDS(MySQL , PostgreSQL), DynamoDB, EBS, EFS
Operating Systems: Linux (Ubuntu)
Programming: JavaScript , Java , Python
Application Stack : Node.js, React, Tailwind CSS
